

JAVA PASSPORT

What it is:

We deliver a "Roaster's Choice" of freshly-roasted, unique coffee to your home every month.

How it works:

You choose the amount and we do the rest. You will be billed only after your coffee has shipped. You're not locked into a contract for a pre-determined time. Although we're hoping you'll stick around (many of our customers are members for more than 4 years!), you can opt out at any time... no obligation.

Price: \$14/lb (subject to change with the coffee market)

We only bill the shipping charges that we incur. No additional handling fees.
